

What happens on social media... matters.

Adults today spend 28% of their time online on social networks. Today it is essential to market properties via social media.

Your Agent has invested in VoicePad,® an **Automated Property Marketing system to maximize your home's online exposure...**and it includes social media!

Social Media content is automatically created to showcase your home by incorporating listing data and photos. Posts, Tweets and Ads can be published for;

- **New Listing**
- **Open House**
- **Price Updates**
- **And more!**
